**THE POYNT SMART TERMINAL IS HERE**

Smart isn't just for phones anymore.

Your business deserves modern technology. The Poynt Smart Terminal is an all-in-one smart device you'll actually want to have on your counter.

Accepts all of today's and tomorrow's payment types.

Easily email receipts, refund transactions and settle with the tap of a button. And with the free **smartphone app***, you can do all this from anywhere. It's like a remote control for your business.

GoDaddy Poynt

Why leading businesses choose Poynt.

Fast Transactions

Keep payments simple for both customer and employee. Every transaction automatically applies taxes, surcharges and discounts, creating a streamlined experience that reduces errors and keeps the line moving.

Multiple Payment Options

Accept any payment method, be it cash, card or contactless. The system is primed to embrace change and will easily incorporate new payment methods. The days of "I'm sorry, we don't accept that" are over.

Mobility

Take payments in your store or at an industry trade show or local farmer's market. Any member of your team can become a checkout cashier, and you can check sales, stats and inventory in an instant.

Powerful Reporting Dashboard

Get real-time access to transactions, trends and customer information, and make data-informed decisions at a moment's notice. Keep close tabs on finances, set up new users and run customized reports from your home, at the office or on the go.

Ease of Use

Be up and running in as little as five minutes with an intuitive user interface and step-by-step tutorials.

Reliable Security

Rest easy with fully protected and PCI-compliant payment data and customer information.

24/7 Support

Reach out any time to get answers or troubleshoot issues.You don't clock out at 5pm, and neither do we.

Affordability

Pay one-tenth of the price of traditional payment platforms.

Processor
Application processor: Quad-core ARM Cortex A53
Security processor: Single-core ARM Cortex M3

Memory/ Storage
1GB DDR RAM / 8GB Flash

Display
7.0" touchscreen display - 800(w) x 1280(h) pixels
4.3" secure touchscreen display - 800(w) x 480(h) pixels
simultaneous 10 finger capacitive multitouch

Operating System
Poynt OS

Connectivity
WiFi: 802.11 a/b/g/n dual channel 2.4, 5 GHz operation
Bluetooth 4.2
*Optional feature:
LTE/3G cellular modems
dual USB 2.0 ports (via optional dock)
Ethernet: 10/100 (via optional dock)

Camera
Front camera: 5 MP with autofocus (7cm to infinity)
Back camera: 2 MP

Audio/Microphone
Stereo speaker
Built-in microphone

Printer
Built in 2" thermal printer
Integrated thermal printer with graphics capabilities
≥80mm/s 18 + lines per second
Accommodates standard roll paper of 58mm (2.25 in)
width x 25mm (1.0 in) diameter, single ply - 3 rolls included
in box (6M / 20ft. each)

Physical
120.7 mm x 250.5 mm x 91.4 mm | 0.7 kg

Card Reader
Hybrid MSR/ Chip Reader
Magnetic stripe reader: Triple track (tracks 1, 2, 3),
high coercivity, bi-directional
Chip reader: ISO 7816, 1.8V, 3V, 5V;
synchronous and asynchronous cards;
EMV Level 1 and 2 Type approved

Protocols
Supports major NFC/contactless schemes,
ISO 14443 A&B, MiFare capable, ISO18092 capable

Packed Application
Poynt Terminal, Poynt Register, Settlement, Help

Other Features
3-axis accelerometer, gyroscope, and compass
Switchable full-scale ranges (≥5 ranges)

Security
PCI PTS PED and SRED 4.x, End to end encryption
Support TLS 1.2

Certification
EMVCo L1, L2 certification, PTCRB, FCC, IC
and CE

Power
Battery: 2000mAh, 8.4 V, 800 cycles
Power Adaptor: Output 12VDC / 3.33A, Input 100-240 VAC,
50/60 Hz, 1.5A

Environmental
Operating: 0 to 35C
Long Term Storage: 5 to 30C, relative humidity 20% to 75%

Smart Card Reader Life
Smart Card: 500,000 reads. MSR: 500,00 swipes

Model Number
P3303, P3303-C, P3303-D
